P3G Sample and Data Access: Core Elements **NEW**

This document identifies core elements from the Sample and Data Access Policies of P3G-member biobanks. This was drafted by the Ethics and Policymaking Core, Centre de recherche en droit public (CRDP), Montreal University (2009).

Samples and Data Access Agreements: Core Elements and Generic Clauses **NEW**

This document provides core issues to be considered when drafting an access agreement for samples and/or data of a biobank. In addition, it also provides a generic clause for each core issue identified that can be modulated according to the needs of the biobank. This document is related and is in continuation of the document titled "P3G Sample and Data Access: Core Elements". This was drafted by the Ethics and Policymaking Core of P3G (2009).
